Indian Scout Bobber 2023

£13,695 +OTR

Colours and Pricing

from **£259.78** p/m

Stripped down and blacked out with an aggressive stance and raw power, the Scout Bobber is a modern take on the iconic bobber style. A slammed low stance with fat tyres makes this a bobber in every sense. Don't be fooled though, the 1200cc motor produces arm wrenching torque that sticks to the road firmly on its Pirelli MT60RS tyres. Great handling and stopping power from the onboard ABS system. Reassuring quality that you expect from Indian as you rumble across the tarmac. Be prepared to attract a lot of attention as this is no ordinary combination. Top performance, Top quality, Top Style and remarkably sane running costs make this your number one choice when it comes to High end cruisers. You can buy this bike online at www.mcobikes.com and have delivered to your door..
